

CANNOT ENFORCE AGREEMENT

Germans Seem Unable to Collect Over 1,000,000 Rifles.

BERLIN, Sept. 10. (By Mail)—Entente authorities here doubt whether they will collect more than a million weapons from German citizens under the disarmament agreement made at the recent Spa conference. This in spite of the fact they esti-

mate there are two million rifles and revolvers in the hands of citizens and another million in the possession of speculators, many of whom are known to be connected with the army organization.

Fears of the Entente officials that the delivery will be small is being substantiated through sabotage applied to the new disarmament law. For instance, the Reichstag control committee emasculated the provision for the oath concerning the amounts and depots of weapons. This the commission had considered his biggest club in forcing the country to disarm.

Certain kriegsverein, or warriors' societies, recently were reported to have exchanged modern models for old guns. Furthermore, power is left to the commission to decide whether societies such as citizens' guards must deliver weapons or only announce their possession, although they have already been dissolved.

GIRLS SHOWING
INTEREST IN SPORTS

Drawings were made for the girls' tennis tournament last Tuesday and matches are being played each day. Girls are showing a great deal of interest and enthusiasm in sports this year. A large number of girls are attending baseball practice.

BOX SEAT TICKETS
ON SALE WEDNESDAY

The season box seat tickets will be placed on sale at Rothwell Gymnasium, Wednesday afternoon at 5 o'clock. These tickets cover all but the Kansas game. Watch this column Tuesday night for an announcement of the price.

The 1000 activity tickets which were ordered recently arrived yesterday and were placed on sale at the freshman game this afternoon.

VARSITY SQUAD
IN LIGHT WORKOUT

Discarding football uniforms for track suits the varsity took a light workout yesterday afternoon. Coach Miller spent considerable time instructing the backfield in position work, intercepting forward passes and blocking. Coach Phelan worked the line on sprints and general conditioning exercises.

HUSTON AND BOGUE
RE-ENTER K. S. A. C.

Kansas Aggie football stock, which took such a decided slump on the market early part of the week, has climbed back to normal following announcement from Manhattan that Dewey Huston, star Aggie kicker, and Joe Bogue, former captain, have again enrolled in school.

Both of these players have been reported on the list of absentees at the Aggie institution, and an atmosphere of gloom has pervaded the Kansas school. Huston by his accurate booting alone has made the Aggies a formidable foe at all

times. His famous kick of 53 yards was the record of last season. In addition Huston is a tower of strength on the defense, playing a guard position.

Joe Bogue, leader of last season's Kansas Aggie eleven will add a great deal of strength to the line. His return was also deplored of some days ago, but the latest reports are to the effect that he has again enrolled in school.

KAPPA ALPHA WINS
GAME 2 TO 0 FROM A. T. O.

In a game accompanied by all the thrills and features of a big league combat, Alpha Tau Omega surrendered to Kappa Alpha on the varsity ball diamond yesterday afternoon by a 2-0 score. Luther for the A. T. O. nine and Smith for the K. A. team were in good form and each team was able to gain but a trio of hits.

Smith was a trifle steadier and assisted by two breaks of the game was able to return a victory. The Kappa Alpha's first run was scored on a walk, a stolen base, and an error at first base. The second came when a passed ball allowed one of two men on bases to score.

The semi-finals in the inter-fraternity games start Monday with Phi Gamma Delta meeting Kappa Alpha.

FIVE COACHES WILL
AID SOONER VARSITY

The University of Oklahoma 1920 candidates will be guided by five coaches this season according to a dispatch from Norman. Ben G. Owen, director of physical training and head coach, will be assisted by G. C. Jacobson and Major Carl A. Bach on the varsity. Edgar Meacham and Sam D. Barton will coach the freshman team.

The Sooners started official practice Wednesday, September 15. With ten 1919 letter men returning for the 1920 season, prospects are good for a successful season—their first in the Missouri Valley Conference—according to Oklahoma coaches. Only two men, Hugh McDermott, halfback, and Roy Smoot, tackle are not returning this fall.

Eight games, including five with Missouri Valley teams, will be played, according to the latest schedule.

The Sooners schedule for 1920 is as follows:

Oct. 9—Central State Normal at Norman.
Oct. 16—Open date.
Oct. 22—Washington at St. Louis.
Oct. 30—Missouri at Columbia.
Nov. 6—Kansas at Norman.
Nov. 13—Oklahoma A. & M. at Stillwater.
Nov. 20—K. S. A. C. at Norman.
Nov. 25—Drake at Des Moines.

PIKER STARS RETURN
TO WASHINGTON U.

That the Tigers may expect spirited football competition this fall from the

Washington University Pikers was assured when news was received yesterday of the actual enrollment in school of Jimmy Connelman, quarterback and Ollie Krueh, end. The return of the flashy quarterback and Krueh assures the Pikers eleven of practically the same lineup as faced the Tigers last year in St. Louis. Fifty men have reported for work daily and reports indicate that a "Championship" team is in the making.

TO WORK FOR PH. D. DEGREE
Seventy-Three Students Enrolled in
Graduate School

Seventy-three students are enrolled in the Graduate School of the University this term, fourteen of whom have already received the degree of Master of Arts from this or some other university, and are working for the degree of Doctor of Philosophy.

The reason for the small enrollment in the Graduate School this year is obvious," Dean Walter Miller said today. "Such good salaries are being paid teachers without the higher degrees that the incentive is lost."

During the whole of last year 172 students were enrolled. Dean Miller estimates that the number for the three terms of this year will be about 150. Research work is being done by one or more graduate students in almost every department of the University. Sixteen are working in various divisions of the chemistry department. Some of the most valuable work ever done in original research has come through investigations in animal husbandry, farm crops, dairy problems, English, pure science, literature, education, history and the classics, by graduate students.

Many graduate students are acting as assistants in the University departments this term. As two terms devoted to original research are required before the degree of Master of Arts is conferred, those who work only half time in the winter must spend the spring and summer terms also. A residence of six terms in the University is required before the degree of Doctor of Philosophy is conferred.

U. S. POPULARITY WANES

Australia Changing Because of League Question.

The Rev. A. L. Cloyd, a former student of the University of Missouri and now pastor of a large church at Ballarat, Victoria, Australia, writes the following in regard to the League of Nations in a letter published by the Salisbury Press-Spectator:

"If the League of Nations is turned down by the people of the United States in the November election, I think I shall not think seriously of tarrying here any length of time after that date.

"I hope the Democratic candidate will be elected. Australians cannot understand the actions of the United States with regard to the war and the League of Nations. Americans are not as popular here as when I came the first time.

THE CALENDAR
